History and Mission

For over 30 years, **METRONOMIA** has been an exceptional CRO partner for biostatistical services and consulting, clinical data management and medical writing. Our team of 120+ highly skilled and committed employees serves the needs of our customers with the highest degree of flexibility, reliability and quality. Our clients are pharmaceutical, biotech and medical device companies. Over 650 successful projects in all clinical development phases and major therapeutic areas are a testament to our data science excellence and exceptional service quality!

Highlights

- **Sustainable business relationships with >92% repeat business and a high staff retention rate.**
- **Exceptional customer experience** through personalized service, and open, honest and proactive communication.
- **Direct access to subject matter experts**, statisticians, clinical data managers & medical writers **enables maximum efficiency** and adaptability to client needs.
- **State-of-the-art knowledge, processes & technology.**
- **Size matters!** Our clients experience METRONOMIA as the “right”-sized partner – which always gives the “right” attention to their projects.
